Welcome to Vitality Inspirations

As a leading developer and supplier of Eco Art Panel & Aluminum Home Products in Malaysia, Vitality has been inspiring discerning homemakers, designers and people of the industry with its works of art since 1993. From rustic charm to post-modern chic, there is always something that pulls the heart-string and enriches the living space. Through these years, one thing remains certain – our customers can always expect the same high quality products and service levels from us. As with all our products that bear the Vitality trademark, every single one goes through strict quality control just to make sure that our masterpiece remains your joy forever.

Vitality knows earth is our beloved home. She needs our care. Through our hard work, we are proud to announce that we are the 1st manufacturer in Malaysia to produce Eco Art Panel, a truly environmental friendly product. This brand new product is VOC free. VOC is commonly found in furniture products. It can seriously damage our health and pollute our environment. With Eco Art Panel, the problem is solved. Through our high density printing method, you will be surprised with the printing quality of Eco Art Panel. The lively colour can bring joy, harmony, and happiness to your home. The product is done with UV finishing. It can block off UV ray and give your family an extra protection. We need a greener environment, to cleanse our mind and body, to breathe in fresh air, to live a healthier life. Do you feel the same? Let's go green with us!

Vitality premium quality Eco Art Panels are tastefully designed to complement today's modern interiors. Long lasting and highly resistant to breakage. Ideal as bathroom doors, kitchen doors, shower enclosure panels, partitions, transparent ceilings, wardrobe doors and cabinet doors. In this year's catalogue, we bring you a breath of fresh inspiration to stir your imagination. Add a touch of elegance to your space with our "Wallpaper" Design. Make a personal statement with the creative "Mix & Match" collection. With more brilliant new design themes to fit your fancy, creating that perfect style is simply a few flips away. Go ahead, lay back and be inspired.

Commitment To Quality Assurance

What does achieving ISO 9001:2008 for Quality Management mean?

To us, it translates to offering unrivalled levels of competence in Eco Art Panel and Aluminium Home Products development and technology as well as a total commitment to supporting our customers locally and internationally. To our customers, it simply means they can be rest assured of the highest quality in each Vitally product.

You will find the people at Vitally™ to be reliable, innovative, and resourceful – the qualities of an industry innovator!

MS ISO 9001:2008 Reg. No: 99Q11014

CAUTION!

Did you know what is VOC?

VOC (Volatile Organic Compound) is harmful chemical that causes global warming, air pollution, soil and groundwater contamination, and contribute to various health problems.

How are you exposed to VOC?

The danger of VOC comes from many sources in our daily life. These are some of the examples of products that typically contain VOC:

- **Paints & Lacquers**
- **Glues & Adhesives**
- **Air Fresheners**
- **Cleaning Supplies**
- **Copiers & Printers**
- **Building Materials & Furnishings**

Possible symptoms of VOC exposure

If you are concerned about VOCs and would like to know more about the potentially harmful health effects that can result from exposure to them, the following list should provide you with a pretty good idea of just how serious an issue this can be.

- **Headaches**
- **Nausea**
- **Cancer**
- **Dizziness**
- **Loss of Coordination**
- **Allergic Skin Reaction**
- **Eye, Nose & Throat Irritation**
- **Damage to Kidneys, Liver & the Central Nervous System**

“As you can see from the list, the danger of VOC comes from many sources in our daily lives. One of the many things that you can do to live green is to use VOC-free products.

Our Eco Art Panels are your perfect choice, because.....

“0% VOC printing is a great achievement in reducing health risk and greenhouse gas effect. This give us a greener future and a healthier lifestyle.
