QUALITY WHERE YOU NEED IT. EVERYDAY.

Houses largely depend upon the look and style of the door installed. Try installing doors that speak safety as well as trend. BI-FOLD KING, your one and only choice!

\*Terms & Conditions Apply

By using Bi-Fold King, our consumer can be rest assured by the durability of the door. Having confidence in its high-quality, we provide a 2 Years Warranty for our Bi-Fold King.

Our product had gone through an endurance test in 2012 by **TUV SUD PSB Pte Ltd** (an established & internationally recognized testing body). We are proud to announce that Bi-Fold King is the only folding door which had passed through extreme endurance test up to **100,000 cycles** of opening and closing operation. All the door components remains intact and no visual damage was observed after the test.

**BI·FOLD KING™**

QUALITY WHERE YOU NEED IT. EVERYDAY.

A DOOR THAT LASTS FOR  
**20 YEARS!**

Our Bi-fold King operates as normal after 100,000 cycles of endurance test - approximately 13.7 times of opening and closing a day for as long as 20 years!

The heart of Bi-Fold King

## Build to Last

Our Bi-Fold King is a wonderful mixture of style and function. Equipped with contemporary patented suspended roller, the door is tested and proven of it's quality and durability. Each door goes through strict quality control and carries a 2 years warranty giving you a complete peace of mind.

### Innovative Design

- Sleek modern design
- Sandblast surface
- Corrosion-free
- 3 Colours available

### Structure of Bi-Fold King

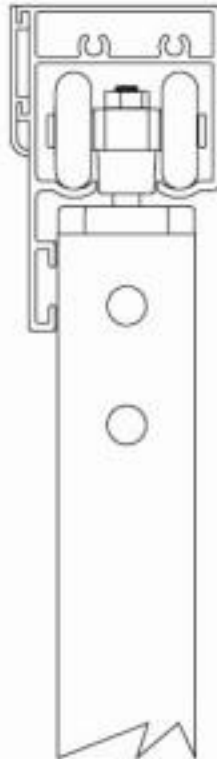

Unlike ordinary folding doors, our Bi-Fold King is designed with overhead tracks that allow suspending from top with our patented suspended roller. This new structure not only more durable and reliable, but it is also easier to slide - smooth and silent. Coupled with our hard wearing Eco Art Panels, this space-saving door makes a great entry as a bathroom door because it is environmental friendly, corrosion-free, water-resistant and will not rot. Thanks to the unique sandblast surface, our Bi-Fold King is scratch resistant too; and it is now available in 3 different colours to complement your lifestyle.

QUALITY WHERE YOU NEED IT. EVERYDAY.

STYLISH and ROBUST

**NEW ITEM**

**HEAVY DUTY and SMOOTH**

Side View

**Heavy Duty**

The suspended roller is the heart of the Bi-Fold King. This special designed roller is assembled by direct plastic injection moulding technique, making it durable for long term usage. This extra tough roller that can withstand **20kg** ensures smooth and silent sliding for years to come.

**Tested durable for 100,000x of opening & closing operation**

**Prevents Unintentional Opening**

The right adjustment at the tik-tok ensures easier door usage and also prevents unintentional opening of the door.

**Easy Installation**

The D.I.Y. Nut will adjust the U-Channel to fill up the gap between door frame and the wall. This makes installation easier.

# eco ART PANEL

## GREEN COMMITMENT - 0% VOC\*

In 2010, we introduced Malaysia's very first Eco Art Panel, available in 3 levels of transparency for different needs. Having confidence with our colour durability, we provide 3-5 years of colour warranty for the panels. This stylish art panel not only provide new inspiration for your home, more importantly, it is VOC\* free! As such, our Eco Art Panel is awarded the GreenLabel Singapore by the Singapore Environment Council.

E 62431

M 62432

ecopoly

Ecopoly is known for its immaculate clarity, making it ideal for transparent partition where transparency is required.

ecoscreen

When light strikes Ecoscreen, only some of the light passes through them. Therefore, objects on the other side appear fuzzy and unclear, ideal for creating dreamy feel.

ecobonz

Ecobonz are opaque to visible lights and that provide privacy, safety, comfort and aesthetics.

\* VOC (Volatile Organic Compound) is harmful chemical that causes global warming, air pollution, soil and groundwater contamination, and contribute to various health problems.

QUALITY WHERE YOU NEED IT. EVERYDAY.

# Commitment to Quality Assurance

## ISO Certification

To us, it translates to offering unrivalled levels of competence in Eco Art Panel and Aluminium Home Products development and technology, as well as a total commitment to supporting our customers locally and internationally. To our customers, it simply means they can be rest assured of the highest quality in each Vitally's product.

## PSB Endurance Certification

This is an assurance that our Bi-Fold King is designed to be strong and durable for long term usage. During the endurance test, the door is subjected to 100,000 cycles of opening and closing operation at a rate of 5~6 cycles per minute. All the door components especially the suspended roller remains intact and no visual damage was observed after the test.

## GREENLABEL Certification

Our Eco Art Panel is awarded the GreenLabel Singapore by Singapore Environment Council. The certification is awarded based on a set of strict qualification criteria. It further endorses our efforts to be a green brand that contributes to a healthy environment for work, play and living.
